

# CERTIFICATE

## For Resins

**THIS IS TO CERTIFY** that the following **RESINS** have been found to comply with the specifications established in the American Society for Testing and Materials standard ASTM D6400, in accordance with the terms and conditions of the “Biodegradable Products Institute and The United States Composting Council – Certification Program for Products Made of Compostable Plastics – Program Rules”:

**Products:**

- **Uncolored resins for making films and bags with a maximum thickness of 0.43 mm (16.93 mils). Resins will be identified as Meredian PHA.**

**This approval is for resins only. Manufacturers of products must seek a separate BPI certification in order to use the BPI name and trademarks**

**as further described in the application and related information submitted to the Biodegradable Products Institute by Meredian Inc, (the “Licensee”) a corporation of the State of Georgia.**

**This Certificate authorizes the Licensee to use the Certification Program Logo depicted below in relation to such Product (resins only), subject to all conditions and terms of the Program Rules and the License Agreement between the Biodegradable Products Institute and the Licensee.**
